Subject: Introduction: Luis Rico (Rico Engineering Services RES FZ-LLC) & Nike Zhao (PEER Consulting Engineers) - Dubai Business Forum
Attachments: PEER Consulting Engineers - Innovative & Reliable Engineering (1).pdf

Greetings from Brisbane Luis,

Thank you for registering to attend the Boldly Brisbane Business Forum in Dubai on Friday, 24 October, and for reaching out to request an introduction.

I would like to introduce you to **Nike Zhao**, Director and Structural Engineer of **PEER Consulting Engineers**.

PEER Consulting Engineers is a Brisbane-based structural engineering firm renowned for delivering cost-effective, practical, and compliant solutions across residential, industrial, commercial, and infrastructure projects nationwide. Combining technical reliability with innovative design and strong collaboration, PEER supports architects, builders, and developers to achieve quality outcomes that balance cost and creativity. **Please find the attached pitch deck.**

Nike, please allow me to introduce **Luis Rico** – Managing Director of **Rico Engineering Services RES FZ-LLC**.

Rico Engineering Services is established in the UAE and has a partnership with Gold Coast based tech company Allayze. Both of them are startups that have funded our respective companies to solve and streamline the pain points that they have seen in their professional careers in Major Projects.

Together, they have prepared a Capability Statement in the form of a microsite which can be accessed in https://resgroup.ae/ai_major_projects/

They specialised in AI technology for Major Projects and they offer Systems Engineering & Integration Enhanced by AI.

Luis is keen to build networks with professionals on AI-driven technologies.

Luis, I will leave it with you to connect with Nike directly.

Thank you both, and we look forward to seeing you at the forum.

Kind Regards,

Prince Lo
